This one-day workshop has been designed to help participants implement the requirements of ISQC 1 at their own practice. The workshop will focus on designing appropriate policies and procedures for small and medium-sized audit firms and documenting them as required by ISQC 1. This will enable participants to ensure that their firms learn how to apply quality control procedures, in a manner consistent with ISQC 1 and which will consequently meet ACCA monitoring visit requirements. The workshop will involve case study examples and is suitable for partners and managers in small and medium-sized audit firms.
